## The Sepher Yetzirah: The Book of Creation

By Unknown Author

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.For those involved with the study of Kabbalah, the Sepher Yetzirah is, along with the Sepher Bahir, one of the key works of note within this genre of mysticism. Involved with both the Hebrew alphabet and numbers systems, it ascribes all major aspects of creation (literally, formation by divine force) to three classes of Hebrew letters, with three numbered classes thereafter; the three mothers, the seven pairs, and the twelve elementals. Further, to this is added the ten Sephiroth and their representations. The work contains what are very likely to be Gnostic elements as well, for the Sephiroth are of nothingness; here too are some alchemical properties and concepts enumerated in antiquity, long before their latter day Renaissance counterparts. Here, then, it is through fire, water, and breath that formation occurs, and the divine breath of god is considered the moderating force which measures and imparts all other existence and nature.

### Reviews

*Very good e-book and valuable one. It can be written in basic words and phrases and not confusing. You will not really feel monotony at whenever you want of your own time (that's what catalogues are for concerning should you check with me).*

-- **Mr. Antwon Frami**

*This is actually the finest publication i actually have study right up until now. We have study and so i am confident that i am going to planning to go through again again in the foreseeable future. I am just effortlessly will get a delight of studying a published book.*
