BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 26 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.Lamont (1997) claims to find evidence of credit market imperfections that distort financing and investment decisions of a sample of oil-dependent firms, as investment by non-oil units fell when oil cash flow dropped. However, a simple test reveals that few of these firms behaved in a fashion consistent with binding cash flow constraints. In addition, most were cash rich. The data provide strong evidence against the hypothesis that investment decisions by non-oil units were significantly affected by oil cash flow, or that credit market imperfections are an important factor for this set of firms. This item ships from La Vergne,TN. Paperback.
