When the glamour of composition had passed away, the defects of my performance were so apparent that I determined to correct them. I did not suppose that the task would prove arduous; but though so long a time has elapsed, my ideal is still far above my attainment. ### Reviews

*A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).*

-- **Matilda Hoeger V**

*This book will be worth getting. Better then never, though i am quite late in start reading this one. Its been written in an extremely basic way which is only right after i finished reading this book through which actually altered me, alter the way i believe.*
