

## After the End

By David Sobelman

Guernica Editions, Canada. Paperback. Book Condition: new. BRAND NEW, After the End, David Sobelman, "After the End" is a sequence of linked narrative poems, revealing a philosophical encounter between various necessary polarities: eye and ear, faith and reason, mythos and logos, essence and existence, as well as the connecting bridge, the corpus callosum, between them. The bridge is the a priori medium of language or the crossing from silence to speech and writing, but it's also a metaphysical bridge between a poet's being and the life of his soul.
