Filesize: 7.65 MB

Reviews

This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.

Princeton University Press, United States, 2007. Paperback. Book Condition: New. 231 x 152 mm. Language: English . Brand New Book. If slavery is defined broadly to include bonded child labor and forced prostitution, there are upward of 25 million slaves in the world today. Individuals and groups are freeing some slaves by buying them from their enslavers. But slave redemption is as controversial today as it was in pre-Civil War America. In *Buying Freedom*, Kwame Anthony Appiah and Martin Bunzl bring together economists, anthropologists, historians, and philosophers for the first comprehensive examination of the practical and ethical implications of slave redemption. While recognizing the obvious virtue of the desire to buy the freedom of slaves, the contributors ask difficult and troubling questions: Does redeeming slaves actually increase the demand for--and so the number of--slaves? And what about cases where it is far from clear that redemption will improve the material condition, or increase the real freedom, of a slave? *Buying Freedom* includes essays by the editors and by Dean Karlan and Alan Krueger, Carol Ann Rogers and Kenneth Swinnerton, Arnab Basu and Nancy Chau, Stanley Engerman, Jonathan Conning and Michael Kevane, Jok Madut Jok, Ann McDougall, Lisa Cook, Margaret Kellow, John Stauffer, and Howard McGary.
